

# Grow 'n' Know

## Free horticultural classes for adults

**Grow 'n' Know offers practical fun activities for groups or individual adults aged 19 plus to take part and learn about a range of outdoor subjects for pleasure in a lovely country setting at Wedgwood Memorial College, Barlaston.**

**Programmes include; designing and building an allotment or sensory garden, the natural environment or wildlife, confidence building activities, sessions on digital photography and internet research.**

- You don't need a garden to benefit from this programme
- You can attend as many subjects as you want
- It is free to attend
- Help with childcare
- Help with costs of transport
- You will need suitable warm outdoor clothing and footwear
- Everyone welcome, special needs can be met
- Parents and grandparents with children are welcome on the short wildlife and natural environment activities
- Further education opportunities
- Confidence building activities available
- Capture your activities on digital camera and get help to produce a photo album
- Help to research on the internet
- Volunteering opportunities
- Help available for employment opportunities
- All the garden tools and materials will be provided
- **FREE garden starter kit to choose from at the end of the programme**
